San Marcos, Texas 78666

Re: The Gary Job Corps Center  
(TX1161630644)

Dear Mr. Gonzalez:

Thank you for your letter of February 8, 1988, to Mr. Robert Layton regarding the Gary Job Corps landfill located near San Marcos, Texas. In response to this letter, I am pleased to provide the following information.

The Environmental Protection Agency has initiated a Superfund investigation to characterize the current conditions at this site. At the present, our investigation has not yet reached the sampling stage, but we have requested our field consultant, Ecology and Environment, Inc. to prepare a sampling plan. The development of this sampling plan will involve an historical search for aerial photographs of the site to pinpoint the portion of the 817 acre facility where waste material was reportedly landfilled. I have enclosed a copy of the preliminary assessment of the site for your review.

If you have any questions regarding this site, please feel free to call David Gonzalez of my staff at (214) 655-6740.

Sincerely,
